

60
Years Anniversary

INVITATION

Celebrating 60 years of the benefits of innovation in medical technology to Society

Society has benefitted hugely from advances in medical technology in the last 60 years.
COCIR members have provided the engine for driving this innovation.

To mark our contribution to improving the lives and expectations of countless citizens and patients,
we invite you to join us at Brussels Autoworld, to celebrate the value and importance of this technological progress.

This event will bring the viewpoints and perspectives of patients, clinicians, academia and industry.
